

2021 SLAM Programs for High School Students

Due to COVID-19, the 2021 Science, Language Arts, and Mathematics (SLAM) Program for high school students was offered online during the months of June and July 2021. Classes met synchronously via Zoom, and learning materials were distributed via Canvas. The freshmen UTEC Scholars assisted in the SLAM classes, held virtual tutoring sessions, and mentored the SLAM participants.
