Alcohol and Drug Use Form Instructions
ADR Version A: 08/17/2000
QxQ Date 02/23/2001

I. General Instructions

The Health Practices: Alcohol and Drug Use Form (ADR) is completed during the participant's baseline clinic visit. The interviewer must be certified and should have a working knowledge of the data entry procedures for electronic version forms and the document titled "General Instructions for Completing Paper Forms" prior to completing this form. ID Number, Contact Year, and Name should be completed as described in that document. Initiate the form by reading the script at the beginning of the form verbatim.

II. Specific Instructions

1. This item documents if the participant has ever consumed alcohol. If "No," skip to Item 6.

2. If "Yes" to Item 1, record the number of day alcohol was used and the unit of time in weeks, months, or years.

3. Show participant Response Card of Beverages with photographs of beverages commonly used in the Jackson, MS metro area. Record the exact number of drinks, rounding down. If participant is not sure, have her or him tell you as best s/he can how much s/he drinks and estimate. For example, if participant says s/he drinks about the same amount every day and finishes a fifth of whiskey about every 2 weeks, estimate one fifth = \( \frac{25}{14} \text{ oz. of liquor} \) divided by 14 = 1.8.

4. Circle usual alcoholic beverage. If multiple, ask respondent to identify beverage used most frequently.

5. Circle Yes or No.

READ: "The next few questions are about your experiences with drugs."

6. This item documents if the participant has ever used crack or cocaine. Hand respondent Response Card of Other Names for Crack/cocaine. Circle Yes or No. If no, go to Item 8.

7. If "Yes" to item 6. record number of times respondent has used crack or cocaine. Hand respondent Response Card and ask her/him to identify the letter which corresponds to their lifetime use of crack or cocaine.
8. This item documents if the participant has ever used any other drugs in her/his lifetime. Hand respondent Response Card of Other Names for Drugs.

**Administrative Information**

9. Enter date of data collection.

10. Record “C” if form was completed using computer data entry system or “P” if the paper form was used. If the form was completed partially on paper and partially on the computer, code as “P.”

11. Enter the 3-digit JHS code for the person at the clinic completing the form in the boxes provided.
