INSTRUCTIONS: This form should be completed during the participant's visit. ID Number, Contact Year, and Name must be entered above. Whenever numerical responses are required, enter the number so that the last digit appears in the rightmost box. Enter leading zeroes where necessary to fill all boxes. If a number is entered incorrectly, mark through the incorrect entry with an "X". Code the correct entry clearly above the incorrect entry. For "multiple choice" and "yes/no" type questions, circle the letter corresponding to the most appropriate response. If a letter is circled incorrectly, mark through it with an "X" and circle the correct response.

C. PRELIMINARY MEASUREMENTS

8. Right Arm Circumference (cm): ........................................

9. Cuff Size:
   (arm circumference in brackets)........ Small adult {<24 cm} 1
   Regular Arm (24–32 cm) 2
   Large Arm (33–41 cm) 3
   Thigh {>41 cm} 4

10. Heart Rate (30 seconds): ........................................

11a. Time of Day:
   h h m m

Go to Item 8
[IF PARTICIPANT IS INCLUDED IN BLOOD PRESSURE COMPARABILITY STUDY, OBTAIN BLOOD PRESSURE USING BOTH RANDOM ZERO AND OMRON MEASUREMENTS.]

12. The participants’ blood pressure was determined by:

D. RANDOM ZERO CALIBRATION

13. Pulse Obliteration Pressure: .................................................................

14. Maximum Zero: ..................................................................................

15. Peak Inflation Level
   {Computation—Item #10
   + Item #11 + 30}: ............................................................................

E. FIRST RANDOM ZERO BLOOD PRESSURE MEASUREMENT

16. Systolic: ............................................................................................

17. Diastolic: ...........................................................................................

18. Zero Reading: .....................................................................................

F. SECOND RANDOM ZERO BLOOD PRESSURE MEASUREMENT

19. Systolic: ............................................................................................

20. Diastolic: ...........................................................................................

21. Zero Reading: .....................................................................................

G. COMPUTED NET AVERAGE OF FIRST AND SECOND RANDOM ZERO BLOOD PRESSURE MEASUREMENTS
   (See Worksheet)

22. Systolic: ............................................................................................
23. Diastolic:...........................................................................................................

H. OMRON CALIBRATION:
24. P – Set Level: ..............................................................................................

I. FIRST OMRON BLOOD PRESSURE MEASUREMENT
25. Systolic: ...........................................................................................................
26. Diastolic: ...........................................................................................................

J. SECOND OMRON BLOOD PRESSURE MEASUREMENT
27. Systolic ...............................................................................................................
28. Diastolic ...............................................................................................................

K. COMPUTED NET AVERAGE OF FIRST AND SECOND OMRON BLOOD PRESSURE MEASUREMENTS
29. Systolic ...............................................................................................................
30. Diastolic ...............................................................................................................

L. ADMINISTRATIVE INFORMATION
31. Date of data collection: ................................. m / d / y
